Bishop Paiute Casino Project – Tribal Environmental Assessment - Addendum

The Bishop Paiute Tribe (Tribe) proposes to expand and renovate their existing Paiute Palace Casino (Casino Project) on Reservation lands in Inyo County, California. The proposed Casino Project would consist of the modernization of the existing 15,210 square foot Casino and the addition of 28,800 square feet of new construction. The expansion area would contain a total of 500 slot machines, of which 349 would be Class III and 151 are Class II machines, as well as card and table games. The Casino Project would include a new 85-seat restaurant and a 70-seat bar area. In addition to the expansion, the existing Casino would be modernized and remodeled to include a 150 seat conference hall, newly upgraded offices, and additional service and employee use areas. The proposed Casino Project would also consist of site improvements for new parking, improved site circulation, new sidewalks, and the relocation of existing site utilities.

An Addendum to the Tribal Environmental Assessment (Tribal EA) has been prepared consistent with the Tribe's Off-Reservation Impacts Environmental Policy Ordinance for gaming facility development and the Tribal State Gaming Compact, Section 10.8. This Tribal EA Addendum assessed the potential for off-Reservation environmental impacts to occur as a result of the proposed Casino Project.

As part of the Tribe's environmental review process, this Tribal EA is available for review by members of the public, regulatory agencies, and other interested parties and can be reviewed at the Bishop Paiute Development Corporation office (270 See Vee lane, Bishop), the Bishop Paiute Tribal Office (50 Tu Su Lane, Bishop) or on the Bishop Paiute Development Corporation's website at <http://www.bpdcorp.org/news-updates>.

Please contact Mr. Topah Spoonhunter at (760) 872-4172 for more information. Comments on the Tribal EA will be accepted during the following time period:

PUBLIC REVIEW PERIOD: March 22nd, 2019 through April 20th, 2019.

Comments must be submitted in writing or via email to:
